

ACCOUNTING

University of Northern Iowa College of Business Administration
<https://business.uni.edu/undergraduate/accounting>

ABOUT THE MAJOR

Accounting is the action or process of keeping financial accounts. The purpose of accounting is to accumulate and report on financial information about the performance, financial position, and cash flows of a business. This information is then used to reach decisions about how to manage the business, or invest in it, or lend money to it. As an accountant, you can easily work for big and small businesses, school districts and various nonprofit and government organizations. Students can also become certified public accountants (CPA) which is one of the most highly trusted professionals in the business world.
